

Patient History

Comprehensive patient coverage information at your fingertips

For every second your staff spends dealing with insurance companies, whether by phone, Internet, or fax, you are losing money. That's why Trojan has created an optional service that provides your office with specific patient coverage beyond our standard plans.

Trojan's Patient History service provides additional patient information such as:

- Patient effective date
- Individual waiting periods
- Plan maximum, remaining maximum, remaining deductible
- Pending dental claims, date of service, amount pending
- Date of last FMX
- Date of last bitewing series
- Dates of last two prophys
- Date of last fluoride
- Date of last root planing
- Root planing frequency and limits

Let Trojan help you deal with insurance companies so you have more time providing a great patient experience.
