

Managed Care

Dump the binders! Centralize your Managed Care.

Eliminate the laborious task of pulling your DHMO manual, finding a plan, and locating the plan exclusions and limitations to determine benefits. With Trojan, there's no need to go to different places for co-pays, supplemental payment, and yet another place for exclusions, limitations, and specialty referrals.

Trojan Managed Care summarizes the most critical features of each plan providing you with:

- Co-payment schedules
- Supplemental payments
- Visit fees
- Pertinent lab reimbursement information

Trojan also provides specific exclusions and limitations that are unique to each plan, including periodic frequency guidelines and detailed specialty information. This information and more is displayed in an easy-to-read format that can be printed for your patient's chart.

Add Trojan Eligibility to Trojan's Managed Care service, and get patient-specific eligibility directly from insurance carriers. Automate the request with Dentifi eligibility. Or, use the desktop version, Trojan Eligibility Request program for convenient quick responses.

Trojan Professional Services is proud to have provided insurance verification for our industry since 1976. To do so, we've partnered with other software companies to develop the format that displays Trojan's Benefit Plans in your own practice management program's coverage tables and treatment plans. Please contact your practice management software support for questions or suggestions to improve the viewer or coverage table.
